

## WELCOME ALL

Welcome to our XIV World Congress of Inclusion International. Welcome to America, where, together with our brothers and sisters from all over the world, we have taken on the challenge of building an inclusive future facing the challenge of globalization.

In these days, we will reflect and organize our ideas as well as plan our future actions. Working together over the next few days will give us the strength necessary to work with people from other countries with a common global, national and local vision. Through analyzing themes such as family, education, health, work, community, daily life, and human rights we will work together for a world that includes everyone.

We have worked hard in order to ensure that you get the most from your participation here. We trust in that we will be returning to our homes on November 10 with lots of energy to build a better world for all—a world of solidarity that is human and inclusive.

To all our speakers, participants, members of the Program Committee and the organizers who have made this Congress possible, my special greetings, thanks and affection,

Roberto Leal Ocampo  
Chair, Congress Program Committee
